### Scriber's Dashboard Screen

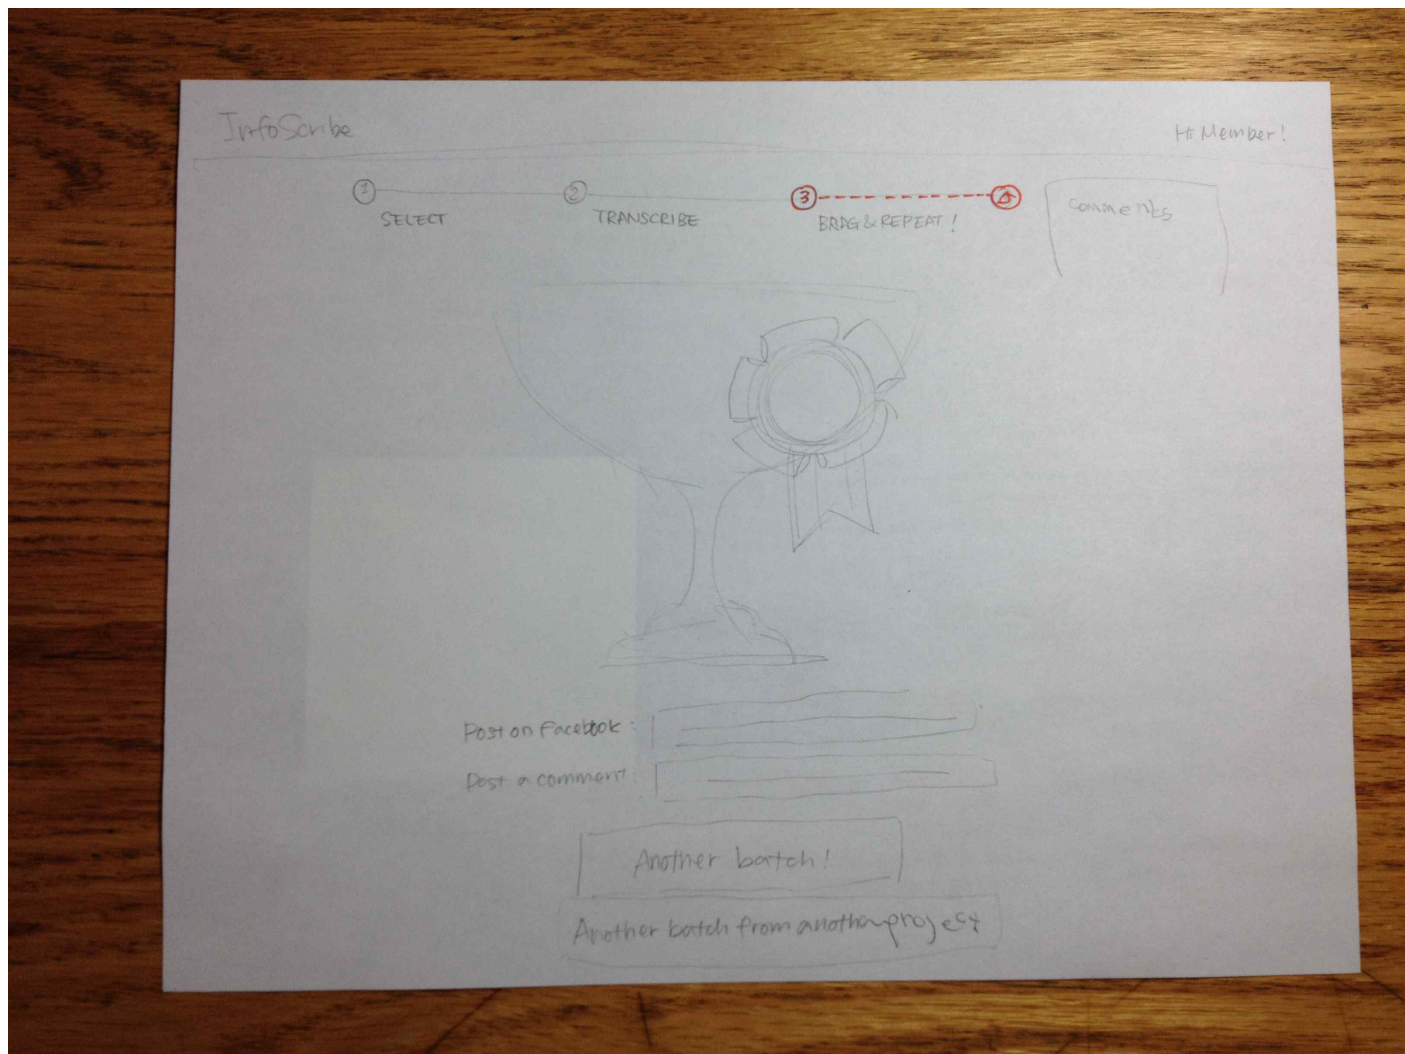

- \*For the current user (a Scriber), retrieve his/her score [to display as badges/warnings].
- \*For the current user (a Scriber), retrieve Projects that he/she worked on and are finished [to display on "trophy"].
- \*For the current user (a Scriber), retrieve Projects that he/she worked on and are ongoing.
- \*For the current user (a Scriber), retrieve Projects that he/she would be interested in and are newly added.
- \*For the current user (a Scriber), retrieve Projects that he/she would be interested in and are under-transcribed.
- \*Retrieve all other Projects, under-transcribed to not.

### Scriber's Transcribing Screen

Perform **assignment**:

- \*For the selected Project, retrieve 20 documents that have fields that haven't been verified.
- \*(If the Scriber opts for a random project, select the Project that is most under-transcribed.)
- \*Create Transcription.

### Scriber's Congrats Screen

\*Perform **validation**. Update Project's progress. Update Scriber's score.

[No image yet!]

### Journalist's Dashboard Screen

\*For the current user (a Journalist), retrieve Project he/she set up, ongoing to finished, new to old [searchable].

[No image yet!]

### Journalist's Project Monitor Screen

\*For the current user (a Journalist) and the selected Project, retrieve validated Transcriptions

\*If the Journalist decides to shut down the Project, set finished=True & delete all related Transcriptions.

The wireframe is titled "InfoScribe" in the top left and "Hi, Journalist!" in the top right. It features a four-step process flow at the top: 1. DESCRIBE PROJECT, 2. UPLOAD DOCUMENT, 3. SELECT FIELDS, and 4. MONITOR PROGRESS / UPDATE FIELDS. Below this, the form includes a "Project Title" field with an example "Lost Children: Foster Child Neglect" and a "(character limit)" note. A "TAGS" section contains icons for HEALTH, POLITICS, EDUCATION, FINANCE, and SOCIAL JUSTICE, followed by three empty boxes and a checkbox labeled "Can't find the tag I need". The form then has three large text input areas: "Describe this document set" with an example "where is it from? why is it important?", "What are you looking for" with an example, and "What is the goal of the story" with an example "you don't have to reveal exactly what it is, just enough to give InfoScribe a sense of direction". A red-outlined "NEXT" button is at the bottom.

InfoScribe

Hi, Journalist!

1 DESCRIBE PROJECT 2 UPLOAD DOCUMENT 3 SELECT FIELDS 4 MONITOR PROGRESS / UPDATE FIELDS

Project Title  
Example: Lost Children: Foster Child Neglect  
(character limit)

TAGS

HEALTH POLITICS EDUCATION FINANCE SOCIAL JUSTICE

☐ Can't find the tag I need

Describe this document set.  
Example: where is it from? why is it important?

What are you looking for  
Example:

What is the goal of the story  
you don't have to reveal exactly what it is, just enough to give InfoScribe a sense of direction  
Example:
